Index to Vol. LXII

Electrical Review and Western Electrician

JANUARY 4 TO JUNE 28, 1913

Published by

ELECTRICAL REVIEW PUBLISHING COMPANY,

608 South Dearborn Street, Chicago. NEW YORK: 13 Park Row.

Articles marked * are illustrated; (E) indicates "Editorial."

A

Acceptance test of large high-vacuum condenser* 778
Accessories for motor cars, Adams-Bagnall electrical* 1147
Accidents at Clarinda, Iowa, high-tension 82
Accidents, prevention of, by Don D. Lescohier 603
According to the Code (E) 1190
Accounting department, relation of, to other departments of company, by F. H. Patterson 1218
Accounting for electrical contractor, systems of 193
Accounting for replacement of plant retired from service 1203
Accounting school and education of employees, by A. L. Holme 1218
Accounts, methods of keeping prepaid and accrued, by Franklyn Heydecke 1218
Accounts, report of National Electric Light Association Committee on Uniform System of 1217
Acme floor outlet boxes* 620
Adams-Bagnall electrical accessories for motor cars* 1147
Adapti fitting, new* 1073
Adapti sectional steel switch boxes 976
Adapting lamps to voltage* 506
Adjusting unprofitable rates (E) 1191
Adrian, Mich., central station increases business 694
Advertising an emblem 345
Advertising by Baltimore contractors. 556
Advertising Committee, report of National Electric Light Association .. 1213
Advertising, efficiency in local 523
Advertising in newspapers, unique example of co-operative 550
Advertising, newspaper, another testimonial to (E) 839
Advertising on transfers 898
Advertising the electric vehicle, from central-station standpoint 1130
Advertising the electric vehicle, from manufacturer's standpoint 1130
Advertising the electrical industry by means of reading matter, by John G. Learned 1213
Agriculture, electricity in progressive, by E. P. Edwards 864
Air compressor, synchronous motor-driven* 47
Air in the presence of other insulating substances, by C. L. Fortescue and S. W. Farnsworth 614
Akron company secures large contract 1050
Alcock patent on electric signs upheld 1333
All-electric school in Boston 1088
Allis-Chalmers reorganization 638
Allis-Chalmers reorganization complete 992
Alloy, Optimus plastic 572
Alternating-current magnets 703
Alternating-current motors for mine fans, by F. B. Crosby 866
Alternating-current systems, power-factors of, by Miles Walker 567
Alternative rate offered in Pittsburgh 550
Alternators, regulation of, by A. B. Field 522
Alternators, switchboard equipment for parallel operation of, by Arthur H. Ford* 1064
Aluminum cables for Paris street railways 921
Aluminum cables in Paris 1013
Aluminum conductors in mines 1330
Aluminum, Detroit Electric vehicle bodies made of* 1023
Aluminum plating 309, 408
Aluminum production, increase in 1331
Aluminum project, Southern 1014
Aluminum wires, jointing* 304
American Association for the Advancement of Science, convention of ... 103
American Chemical Society, Milwaukee Section 433
American Electric Railway and National Electric Light Association Policy Committees confer and vote to form joint committee 434
American electrical manufacturers and the tariff 1262
American Electrochemical Society, convention of 637, 767
American Institute of Architects, Wisconsin Chapter 433
American Institute of Consulting Engineers, meetings of 201, 432
American Institute of Electrical Engineers, annual meeting of 1015, 1063, 1131
American Institute of Electrical Engineers, Chicago Section 6, 245, 454, 659, 888, 1131
American Institute of Electrical Engineers, Ithaca Section 129
American Institute of Electrical Engineers, Lynn Section 337, 617, 684
American Institute of Electrical Engineers, Madison Section 433
American Institute of Electrical Engineers, meeting of Board of Directors 177, 636, 793, 1132
American Institute of Electrical Engineers, midwinter convention of 226, 511
American Institute of Electrical Engineers, midwinter convention of (E) 489
American Institute of Electrical Engineers, Milwaukee Section 433
American Institute of Electrical Engineers, Pacific Coast convention of 432
American Institute of Electrical Engineers, Philadelphia Section 178
American Institute of Electrical Engineers, Pittsburgh meeting of 540, 684 866
American Institute of Electrical Engineers, Pittsburgh Section 590
American Institute of Electrical Engineers, Pittsburgh Section, joint meeting with Pittsburgh Section, Illuminating Engineering Society. 4
American Institute of Electrical Engineers, plans for Pacific Coast convention of 1260
American Institute of Electrical Engineers, plans for summer convention of 886, 946, 1192
American Institute of Electrical Engineers, 279th meeting of 147
American Institute of Electrical Engineers, 281st meeting of 614
American Institute of Electrical Engineers, 282d meeting of 866
American Institute, membership transfers in (E) 887
American Institute of Electrical Engineers, opening of annual convention of 1356
American Mine Safety Association 224
American Mining Congress, report of Committee on Standardization of Electrical Equipment in Metal Mines 360
American Motor Traffic Company formed 372
American Physical Society, spring meeting of 890
American Society of Mechanical Engineers, large membership increase in 744
American Society of Mechanical Engineers, meeting of 81
American Society of Mechanical Engineers, members of, to tour Germany 589
American Society of Mechanical Engineers, spring meeting of 637
American Telephone & Telegraph Company's annual report 615
American Telephone & Telegraph Company's plans for employees ... 82
American Telephone & Telegraph Company, suit to be started against 35
American Woman's Exposition, electrical exhibitors at 573
Ammeters and voltmeters, Keystone midget* 1073
Among the contractors 31, 95, 140, 190, 239, 302, 351, 403, 448, 505, 557, 599, 650, 697, 760, 808, 856, 904, 957, 1005, 1056, 1140, 1225, 1278, 1324, 1374
Among the supply men 100, 145, 305, 355, 406, 508, 563, 655, 702, 763, 812, 959, 1135, 1229, 1281, 1326
Analysis of central-station conditions in small town* 291
Analyzing peak loads (E) 790
Anchor, Indiana* 621
Anchor, Oshkosh guy* 1146
Anchors, Bierce* 257
Anniversary of Austrian electrical society 889
Annual review (E) 3
Annunciators, automatic-reset 510
Anticipation, by Paul Lüpke 1194
Appleton binding clamp* 115
Appleton entrance Unilets* 321
Application of pure science to engineering (E) 585
Application of theorem of electrostatics to insulation problems, by C. L. Fortescue 614
Appraisal and management of solicitors, by W. H. Gregg* 1317
Arc and spark for radiotelegraphy, a comparison of 1381
Arc and spark phenomena, by E. S. Johonnott 103
Arc attachment for converting any inclosed arc into flaming* 528
Arc, carbon, at low pressures 1065
Arc lamps 617
Arc lamps, Klieglight* 827
Arc lamps on high ceilings, plan for trimming 958
Arc lamps, operation and maintenance of, by L. H. Lathrop 203
Architect, electricity and 523
Arizona metal production in 1912 138
Arkansas legislates against theft of current 617
Arlington, Va., wireless station, to determine range of 224
Arlington, Va., wireless station working at long distance 82
Armature connection of motor 863
Arrangement of cutout cabinets, by E. S. Rowe* 956
Assembling unit wiring costs (E) 1354
Association of Corporation Schools, National 225
Association of Edison Illuminating Companies, convention of 613
Associating of engineering schools formed 290
Association of Railway Electrical Engineers, convention of 840
Assuan Dam, Egypt, hydroelectric power from 1235
Atlantic Division, Electrical Supply Jobbers' Association, holds meeting 763
Attachment for converting inclosed arc into flaming one* 528
Austin standards for tungsten street lighting, new* 526
Automatic telephone system, new 1235
Automatic telephone system to be installed in Buffalo 923
Automatic telephones for New Zealand 617
Automatic telephones in France 638
Automatic telephony in Australia, expansion of 1015
Automobile, gasoline, electricity and (E) 635
Automobile radiator, electric lamp for 1385
Automobile show, Boston 253, 622. 669
Automobile show, Chicago 317, 358
Automobile show in New York, national 150
Automobile show, Louisville 540
Automobile show, Toledo 309
Automobile shows at New York and Chicago 38
Automobile starting, lighting and ignition systems, Westinghouse* .. 208
Automobile tractor test, remarkable. 1063
Automobile trade, Chicago's future in, by A. B. Hulit 151
Automobiles, automatic door switch for* 257
Avoiding technical terms 1076
Axle train-lighting equipment, new .. 825
Axle-train-lighting system, E. S. B.* 978

B.

B. & K. cable racks and brackets*. ..1235
Badt, Francis B., death of*..... 813
Baekeland, Leo. H.*..... 1041
Baekeland, Leo. H., receives medal.. 1040
Balboa, navy wireless station at..... 1358
Ball, W. J.*..... 1005
Baltimore Automobile Show, lighting at* 976
Baltimore company, new office building for 646
Baltimore contractors advertise 556
Baltimore contractors, dinner to*.... 567
Baltimore Co-operative Association formed 1111
Baltimore Electrical Contractors' Association, meeting of..... 189
Bananas, ripening, by electrical heat* 591
Banquet of Patent Law Association.. 309
Barometer, unique sales* 594
Baseboard receptacles, Fancieve box for* 1232
Batteries and electrochemistry..... 11
Batteries, dry, manufacture and care of 458
Battery-charging equipment, electric vehicle* 371
Battery-charging, vehicle 509
Battery, dry, new general utility.... 461
Battery, lead, characteristics of, by J. W. Cooke..... 658
Battery, Marcuson portable testing*.. 1388
Battery, some tests of Edison storage, by C. W. Bennett and H. N. Gilbert 768
Battery, use of large lighting, in connection with central-station supply, by F. H. Whysall..... 295
Beacon direct-current bell-ringing outfit* 46
Beardslee brass fixtures for indirect lighting* 1021
Bedroom, convenient outlets for..... 902
Beer pump, cabinet electric* 1148
Bell and buzzer, Schwarze alternating-current* 463
Bell, changing tone of*..... 404
Bell circuits* 761
Bell circuits, design of*.....32, 304
Bell circuits, testing*..... 195
Bell-ringing outfit, Beacon direct-current* 46
Bell wire, enameled..... 903
Bell wiring* 761
Belts, opening out endless..... 699
Bending conduit, simple device for*.. 1057
Bending copper or brass pipes..... 597
Benjamin socket extension for unskirted-base Mazda lamps*..... 571
Betterment work in small central-station systems (E)..... 942
Bicycles, electric headlight and generator for 602
Bierce anchors* 257
Billboard lighting (E)..... 383
Binding clamp, Appleton*..... 115
Bit extension, handy* 32
Blackburn Autolock switch*..... 669
Bleaching, electric 409
Boiler-efficiency meter, performance curves of Blonck*..... 368
Boiler-firing indicator, electric*..... 1021
Boiler, economy in electircally controlled draft regulation for steam* 256
Book-binding plants, electricity in*.. 1359

BOOK REVIEWS:

A Laboratory Manual of Physics and Applied Electricity, by Ernest Blaker 711
A List of Defunct Municipal Lighting Plants, by Arthur Hastings Grant 870
Alternating Currents Simplified, by Elmer E. Burns..... 1385
A Primer of the Internal-Combustion Engine, by H. E. Wimperis 1336
Alternating-Current Machinery, by William Esty 1020
Analytical Mechanics, Comprising the Kinetics and Statics of Solids and Fluids, by Edwin H. Barton 1018
Bells, Indicators, Telephones, Fire and Burglar Alarms, Etc., by J. B. Redfern and J. Savin.... 1020
Cyclopedia of Telephony and Telegraphy, by K. B. Miller, S. G. McMeen, et al..... 1337
Design of Polyphase Generators and Motors, by Henry M. Hobart 664
Electric Cranes; Their Design, Construction and Application by H. H. Broughton..... 1384
Electrical Engineering for Mechanical and Mining Engineers, by H. J. S. Heather..... 1336
Electrical Injuries, by Charles A. Lauffer, M. D..... 39
Electrical Instruments and Testing, by Norman H. Schneider and Jesse Hargrave 1385
Electrical Machine Design, by Alexander Gray 460
Engineering and Metallurgical

BOOK REVIEWS—*Continued.*

Books, 1907-1911, by R. A. Peddie 712
Experimental Wireless Stations, by Philip E. Edelman..... 1385
Foundations and Machinery Fixing, by Francis H. Davies.... 1385
Handbook of Incandescent Lamp Illumination 410
Hirsch - Wilking Electro - Ingenieur-Kalender, 1913, by Arthur H. Hirsch and Max Barth..... 712
Magnetism and Electricity, by E. E. Brooks and A. W. Poyser... 1336
Light, Photometry and Illumination, by William E. Barrows, Jr. 711
Measurement of High Temperatures, by G. K. Burgess and H. Le Chatelier 712
Motors, Secondary Batteries, Measuring Instruments and Switchgear, by S. Kenneth Broadfoot 410
Popular Mechanics Year Book for 1913 146
Practical Mathematics for the Engineer and Electrician, by Elmer E. Burns and Joseph G. Branch 410
Primary Battery Ignition, by C. Wadsworth, Jr. 410
Principles of Wireless Telegraphy 364
Questions and Answers on the National Electrical Code, by T. S. McLoughlin 146
Ropp's Calculator and Short-Cut Arithmetic, by Christian Ropp. 460
Steam Power Plants, by Henry C. Meyer 664
Studies in Light Production, by R. A. Houstoun 317
Studies in Radioactivity, by W. H. Bragg 364
Studies in Terrestrial Magnetism, by C. Chree 460
Telephony, by Samuel G. McMeen and Kempster B. Miller..... 813
Testing, Fault Localization and General Hints for Wiremen, by J. Wright 364
The A B C of Differential Calculus, by William Dyson Wansbrought 317
The Application of Hyperbolic Functions to Electrical Engineering Problems, by A. E. Kennelly 564
The Art of Illumination, by Louis Bell 1385
The Electric Motor and Its Practical Operation, by Elmer E. Burns 1385
The Elements of Heating and Ventilation, by Arthur M. Greene, Jr. 460
The Induction Motor, by Benjamin F. Bailey 917
The Mathematics of Applied Electricity, by Ernest H. Koch, Jr.. 664
The Mechanical World Electrical Pocket Book for 1913..... 712
The Practical Electrician's Pocket Book and Diary for 1913, by H. T. Crewe 712
The Theory of Engineering Drawing, by Alphonse A. Adler..... 711
Transmission Line Construction, by R. A. Lundquist..... 564
Transmission-Line Formulas, by Herbert Bristol Dwight 1019
Valuation of Public Service Corporations, by Robert H. Whitten 1019
Wechselstrom - Arbeitsdiagramme, by Emil Waltz..... 1337
Wireless Course in Twenty Lessons, by S. Gernsback, A. Lescarboura and H. W. Secor..... 39
Wireless Telegraphy and Telephony, by Alfred P. Morgan.... 410
Wiring Diagrams of Electrical Apparatus 1384
Boring cross braces 96
Boston automobile show.....622, 669
Boston Edison adopts pensions..... 997
Boston Edison Company Section, National Electric Light Association 224, 840, 944
Boston Edison dinner..... 1309
Boston Edison substation, new..... 493
Boston, electric street lighting urged for 453
Boston, electrification in..... 359
Boston Elevated changes..... 80
Boston Motor Car Club 150, 288, 384, 510, 658, 744, 840, 946, 1128, 1260, 1356
Boston to have great "White Way".. 1367
Bottling works, electricity in*..... 795
Bottomley, John* 337
Bowl holders for semi-indirect lighting, Faries* 978
Boxes, M. & M. uni-sectional steel wall* 876
Brakes, new magnetic disk*..... 1387
Brascolite luminous outfit*..... 526
Brascolite units, illumination tests of 924
Brazilian power company formed..... 551
Breakdown of high-tension cables (E) 429
Brick making, electricity in..... 22
Bridges, successful motor-operated railroad lift* 414
Brightness of visual field (E)..... 2
Briquet production in 1912..... 746
Bristol's new float-type recording differential-pressure gauge* 922
Bristol's recording differential-pressure gauges* 716
British report on wireless..... 1012
Brooklyn Edison Company gets important contract 899
Brooklyn Edison Company Section, National Electric Light Association 224
Brooklyn Edison dinner to electrical contractors 409
Brush losses 517
Brushes, motor, quick way to fit..... 760
Bryan-Marsh Works, industrial lighting installations designed by*.... 1142
Buffalo General Electric Company's new building, electrical work in, by Harold L. Alt*..... 900
Building construction, electricity in... 233
Building up a day load for small central station, by William E. Haseltine* 179
Buildings, high-potential service in commercial, by H. G. Winsor.... 597
Bureau of Standards, United States Civil Service Commission examination for associate physicist in 965
Burglar-alarm circuits, by George Reed* 349
Burglar alarm, combined lock and... 309
Burke's adjustable electric light holder* 114
Burkholder, C. I.* 793
Bushing for flexible conduit, universal* 875
Bushings for outlet-box covers...905, 1006
Business efficiency, overhead expense and (E) 887
Butcher, electrical refrigeration for, by R. L. Lloyd* 83
Butchers, electrical refrigeration for (E) 79
Button manufacturing, electricity in*. 1311
Byllesby convention postponed..... 212
Byllesby's weather Ohio and Indiana storm 712

C

Cable and flexible conduit, tool convenient in installation of steel-armored* 653
Cable, fireproof, burns 699
Cable racks and brackets, B. & K.*.. 1235
Cable rate to Alaska reduced 969
Cable rates, new 81
Cable rates, reduction in 4
Cables, breakdown of high-tension (E) 429
Cables, convenient rough determination of resistances of 857
Cables, current rating of, by R. W. Atkinson and H. W. Fisher 515
Cables, heating of, by S. Dushman.. 515
Cables in fiber ducts, large 560
Cables, increasing use of steel-taped underground 824
Cables, supporting* 96
Cableway for Mont Blanc, Switzerland, motor-driven 1136
Cabinet, cutting holes in 96
Cabinets, cutout 507, 766
Cabinets for fused cutouts 352
Calculagraph for work records in industrial plants* 366
Calibration of photometeric standards, by R. W. Shenton* 154
California commission news .....33, ...143, 197, 353, 507, 561, 654, 703, 960, 1059, 1228, 1280, 1327, 1375
California, contractors to meet at Santa Barbara 636
California, water powers of 6
Campbell eight-day time switches*... 44
Canal navigation at night, electric lighting to promote 841
Canopy at door casing, poorly installed 907, 1007
Canopy extensions, Fancieve fixture*. 1027
Canopy having pendent lamps, insulating joints and canopy insulators in 906, 1006
Capacity of feeders with blank circuits 700
Carbon arc at low pressures..... 1065
Carbon, thermal capacity of, at glowing temperatures 103
Cards for use in house wiring*..... 1278
Carriage and wagon works, electricity in* 543
Carton protection, Federal Department of Justice attacks resale under patented (E)..... 1
Casualty insurance, reduction in electric 178
Cedar poles in concrete, setting..766, 862
Cedar Rapids, flat rates for small customers in..... 998
Cement mills, vertical motor for*.. 668
Central and District Printing Telegraph Company changes name.. 793

SEP 24 1913

Central Electric Company, of Peoria, Ill., change in management of.. 302
Central Electric Railway Association, annual meeting of..... 524
Central-station advertising, electric signs for* 801
Central-station advertising, using load curve in (E)..... 173
Central-station, building up day load for small, by William E. Haseltine* 184
Central-station business, importance of electric truck in..... 202
Central-station commercial possibilities, by H. S. Knowlton..... 1113
Central-station company dissolves, old 4
Central-station company, German, cooperation of Government with 1366
Central-station conditions in small town, analysis of* 291
Central station, cost of manufacture in 2,300 kilowatt..... 998
Central-station cut-price campaigns (E) 741
Central-station development, contrast in 999
Central station, development of electric vehicle load of..... 1130
Central-station electric vehicle exhibit 499
Central-station energy for all-electric interlocking service* 947
Central-station ice-making* 17
Central-station income created under unfavorable conditions, by R. F. Wherland 605
Central-station influence on electric-vehicle industry, by Stephen G. Thompson* 133
Central Station Institute, Chicago... 992
Central-station management, episodes in, by J. R. Thomas 646
Central-station manager, by Ludwig Kemper 604
Central-station maps aid in rendering good service 88
Central-station opportunity—electric wagon specifications, by Henry Farrington 57
Central-station organ enlarges its field, Louisville 899
Central-station picture, notable..... 207
Central-station power, advantages of, during flood 235
Central-staion power at quarries of Bedford, Ind.* 1270
Central-station power for coal mines, by C. W. Beers 848
Central-station power for mines, by J. S. Jenks 867
Central-station power in coal mines, by W. A. Thomas 1211
Central-station power replaces oil in Texas oil fields 297
Central-station progress in Pittsburgh 1318
Central station, progress in small.... 1269
Central-station public garage, by William W. Scott 729
Central-station salesman, experiences of 497
Central-station sales methods, by C. Van Bergen 605
Central-station service, electric clock for 346
Central-station service, for flour mill. 997
Central-station service for industrial power requirements 1157
Central-station service for owners of electric cars, by L. R. Wallis..... 1129
Central-station service for steam-engine plant 1271
Central-station service in pattern shop* 442
Central-station sign in New Orleans* 345
Central-station supply, use of large lighting battery in connection with, by F. H. Whysall..... 295
Central-station systems, betterment work in small (E) 942
Central-station work and the technical graduate (E) 1306
Chair, Chrysler electric motor*..... 1232
Changes in National Electrical Code.. 695
Characteristics of substation loads at anthracite collieries of Lackawanna Railroad Company, by H. M. Warren and A. S. Biesecker..... 867
Charging equipment for electric baggage trucks, Cutler-Hammer*.... 669
Charging for domestic supply, systems of 998
Charging of commercial vehicles 548
Chicago Association of Electrical Contractors 505, 1005
Chicago Central Station Institute.550, 992
Chicago Chapter of Electrical Craftsmen 1053
Chicago convention of the National Electric Light Association (E)... 1085
Chicago Electric Club.....
.....130, 176, 253, 289, 336, 384, 432, 492, 564, 636, 684, 792, 841, 888, 944, 1007, 1088, 1218, 1262, 1379
Chicago, electric vehicles in*..... 89
Chicago, house-wiring campaign for.. 1371
Chicago lighting rates, proposed cut in 1042
Chicago, Milwaukee & Puget Sound to electrify Mountain Division..... 109
Chicago, movement to provide for more thorough inspection of old wiring in 29
Chicago, proposal for consolidation of all surface and elevated traction lines in 356
Chicago railroad terminals, mandatory electrification of, highly probable 1335
Chicago Railways Company contract for power 202
Chicago Sanitary District power development 1127
Chicago Section, American Institute of Electrical Engineers .....
.....6, 245, 454, 659, 883, 1131
Chicago Section, Electric Vehicle Association of America .....
.....151, 289, 359, 386, 548, 588, 708, 773, 793, 896, 972, 1192, 1310, 1356, 1358
Chicago Section, Illuminating Engineering Society.....200, 433, 607, 1041
Chicago telephone rates revised..... 1192
Chicago to have assistant city electrician 957
Chicago to install meter-testing equipment 1134
Chicago, 230-volt motors required in.. 1371
Chilean power plant and transmission system, large 1235
China, electrical development of..... 356
Christmas accidents, profiting by..... 235
Christmas tree in New York, electric* 25
Chrysler electric motor chair*..... 1232
Circuit-breaker control, some interesting wiring for, by John G. Montgomery* 902
Circuit-breakers, oil, rating of, by G. A. Burnham 520
Circuit, running difficult 304, 761
Circuits for elevator signaling*...136, 298
Circuits, bell* 761
Circuis, Commonwealth Edison 1014
Clement electric service table* 42
Cleveland, low lighting rate in..... 802
Clip for insulator pins and brackets, Hendee flexible* 1146
Clock, electric 467
Clock for advertising central-station service 346
Clothes closet, location of lamp in.... 701
Clothing store, indirect lighting in*.. 670
Club house of New York Edison employees* 551
Coal for tests, sampling 710
Coal-handling machinery for Panama coal-handling plants 715
Coal hopper, motor-driven* 921
Coal, increase in Pennsylvania production of 356
Coal mines, central-station power for, by C. W. Beers 848
Coal mines, central-station power in, by W. A. Thomas 1211
Coal mines, electrical accidents in ... 999
Coal mines, electricity in*..... 435
Coal mines, large 155
Coal mines, power for 1367
Coal mines, purchased power in, by H. C. Eddy 847
Coal mining, electricity in (E)....430, 838
Coal mining in United States in 1909. 1065
Coal production, Colorado 160
Coal production in Alabama 409
Coal production, increase in Ohio.... 358
Coal production, Indiana 356
Coal production, world's 563
Coal supplies for world 525
Coast electric railways organize..... 745
Code, according to the (E) 1190
Code and the life hazard (E) 431
Coffee and spice mills, electricity in*. 993
Coffee mill, motor-driven 717
"Cold Light" for moving-picture machines 1116
College boys build electric sign 355
College course in industrial physics... 945
Colliery, economy resulting from electrification of large English..... 1094
Colorado Electric Club .....
.....82, 128, 247, 288, 338, 540. 636
Colorado Electric Light, Power and Railway Association, convention of 1088
Colorado electric show 636
Colored surroundings, influence of, on color of useful light, by M. Luckiesh 434
Columbia push-button switch cabinets* 924
Columbia River, Oregon, hydroelectric project on 337
Columbia steel cabinets with wood finish* 208
Commercial electric vehicles at Boston show 669
Commercial policy, establishing well-rounded (E) 837
Commercial side of small hydroelectric property* 495
Commercial vehicle show in New York City 202
Common-sense methods of making wiring calculations, by N. V. Dunne* 1272
Commonwealth Edison Company* 1105
Commonwealth Edison Company, large power contract for 1000
Commonwealth Edison Company, northwest station of, by W. L. Abbott. 6
Commonwealth Edison handbook..... 752
Commonwealth Edison Section, National Electric Light Association.. .....6, 432, 745, 794
Commutator truing 653
Commutators, truing 30
Comparative performances of horse, electric and gasoline trucks in city service 386
Competition among electrical contractors (E) 175
Competitors in business 443
Computing conductors for electric circuits, some practical considerations in, by Anthony Gorman* 500
Concerning cutout cabinets, by Russel H. Eddy* 236
Concerning dollar wiring kinks (E).. 78
Concrete buildings, installing outlet boxes in reinforced* 651
Concrete, effect of electric currents on 411
Concrete floors, conduit installation in 809
Concrete, keeping, out of conduit (E) 634
Concrete, keeping, out of conduit*.... ..... 760, 809, 957
Concrete work, outlet box for*..... 903
Condensers, acceptance of*..... 778
Conductors, size of, by Frank Broadbent 139
Conduit as speaking tube, using..... 653
Conduit, electric, iron pipe used for... 855
Conduit in concrete, deteriorations of. 602
Conduit installations, data on underground 776
Conduit installation in concrete floors. 809
Conduit, iron pipe underground..... 309
Conduit, simple device for bending*.. 1057
Conduit, threading 857
Conduits, compulsory, defeated in Toledo 1225
Conduits for electrical work..... 1225
Conduits, tracing runs of concealed... 1057
Conduit work, a new system of*..... 1372
Confederate Veterans, electric decorations for United 968
Conflict in Hagerstown, Md..... 81
Connected-load investigations (E) 335
Connecticut Electric Manufacturing Company, new plant of..... 259
Connecticut mica sockets* 1025
Connecticut River power project..... 290
Connecticut River power project before Congress 246
Connellsville (Pa.) station crippled by fire 1192
Conservation and water power (E)... 221
Conservation, failure of, to conserve, by E. H. Thomas 1216
Consolidated Gas (Baltimore) rate case (E) 174
Construction and inspection, electrical. 13
Construction criticism, by E. R. Davenport 1130
Construction, electrical, and electrical contracting (E) 681
Construction of an overhead line upon a railroad's right of way, by Maguire and Mooney 97
Construction of underground pipe lines for electric cables, by Francis H. Davies* 347
Construction work, electricity in 297
Consumers' Building, Chicago, electrical work in* 1221
Contact brush resistance 814
Continental Europe, year's progress in, by C. L. Durand 34
Contract department, graphic methods in (E) 382
Contractor, electrical, financial standing of (E) 837
Contractor, significant suggestions for electrical 138
Contractors, among the....31, 95, 140, 190, 239, 302, 351, 403, 448, 505, 557, 599, 650, 697, 760, 808, 856, 904, 957, 1005, 1056, 1140, 1225, 1278, 1324. 1374
Contractors and inspectors, proposed Washington state association of.. 506
Contractors and science of illumination 555
Contractors, bill to license New Jersey 505
Contractors, competition among electrical (E) 175
Contractors, Louisville, banquet of... 648
Contractors, systems of accounting for electrical 193
Contract in central-station development 999
Control for electric cranes, a new method of remote* 1387
Control resistors as heaters on electric cars, use of 965
Controllers for 1,100 and 2,200-volt motors, automatic* 1294
Controllers, little damage to Cutler-Hammer, from flood at Goodyear Rubber plant 975
Controllers, new features on Cutler-Hammer drum* 367
Convection and radiation of heat, by Irving Langmuir 767
Convention hall and exhibit building for Chicago 105

SEP 24 1913

131670

Conventions:
American Association for Advancement of Science 103
American Electrochemical Society 637, 767
American Institute of Electrical Engineers 226, 386, 432, 511, 946, 1192, 1260, 1356
American Physical Society 890
American Society of Mechanical Engineers 637
American Supply and Machinery Manufacturers' Association 541
Association of Edison Illuminating Companies 613
Association of Railway Electrical Engineers 840
Association of Railway Telegraph Superintendents 1335
California State Association of Electrical Contractors 636
Colorado Electric Light, Power and Railway Association 1088
Electrical Supply Jobbers' Association 100, 406, 1063, 1135
Empire State Gas and Electric Asciation 1260
Idaho Cedarmen's Association 178
